Elective Course: Dental Research in Review

Eligibility: Dental students--all classes

Course Director: Dr. Diane Shugars, diane_shugars@dentistry.unc.edu (underscore between first and last names)

Credit Hours: One hour of elective course credit will be awarded by the Office of Administrative Affairs after the course requirements have been completed. Note: Dental students must complete between 5 and 9 elective course credit hours before graduation (the exact number of elective credit hours depends on the number of Continuing Education credit hours).

Course Requirements: You must attend the full day’s events at Dental Research in Review Day (DRRD) on February 11, 2004, as detailed below. Attendance will be documented by members of the Student Research Group who will initial this form as participate in each event. Also, you must either write a 3 page (double-spaced) paper describing a research topic presented at DRRD and its application to dentistry OR give an oral or poster presentation during DRRD. Return the completed form and paper (if applicable) to Room 395, Dental Office Building (Dental Ecology Office), by Friday, February 20, 2004. You will be notified by e-mail of your grade. Thanks for your interest in this course!

Your name (please print): ________________________________
Your student number: _______

DRRD: February 11, 2004
