Elective Course: Dental Research in Review

Eligibility: Dental students--all classes

Course Director: Dr. Diane Shugars, diane_shugars@dentistry.unc.edu (underscore between first and last names)

Credit Hours: One hour of elective course credit will be awarded by the Office of Administrative Affairs after the course requirements have been completed. Note: Dental students must complete between 5 and 9 elective course credit hours before graduation (the exact number of elective credit hours depends on the number of C.E. credit hours).

Course Requirements: You must attend the full day’s events at Dental Research in Review Day (DRRD) on February 9, 2005, as detailed below. Attendance will be documented by members of the Student Research Group who will initial this form as participate in each event. Give the completed form to Diane Murray in Room 3220 (Old Dental Bldg) in the Dental Ecology office. Also, you must either write a 3 page paper (double-spaced, font 12) describing a research topic presented at DRRD and its application to dentistry OR give an oral or poster presentation during DRRD. Note that Student Research Group members who help out with the day’s events (e.g., moderate an oral session) are also exempt from the paper requirement. E-mail your paper (Microsoft Word document) to Dr. Shugars at diane_shugars@dentistry.unc.edu (note underscore between first and last names), by Friday, February 18, 2005. You will be notified by e-mail of your grade. The course is open to all pre-doctoral dental students. No registration is required for the course. However, you must register for both a Lunch and Learn session and a Workshop Demonstration/Roundtable session---sign-up through the DRRD website (www.dent.unc.edu/drr).

Your name (please print): ____________________________________________
Your student number: _______

DRRD: February 9, 2005
